Harun Ćerim
Software Developer

👤 Profile

Summary

- I am a Software Developer with more than 3 years of experience in Web, Mobile and Desktop application development.
- I have strong knowledge in the .NET environment, especially as a Back-end Developer.
- Lately, I am interested in and involved in cloud solutions development.
- Besides Computer Science and IT, I like swimming and listening to music.

Preferences

- I enjoy working in teams of any size as long as the team is cross-functional.
- I always prefer working in non-outsourcing companies.
- I avoid startups unless the organization in the company really impresses me.
- I avoid companies where Project Managers don't have a technical background.
